STATE OF VERMONT,

ADDITION COUNTY, SS. }
CHARLES I. BUTTON, No. 220
HENRY F. WILSON, GRACE A. } In Chancery.
WILSON AND L. R. BROWN

Whereas, Charles I. Button of Middlebury in said County of Addison has brought his petition of foreclosure to the Court of Chancery within and for the County of Addison, against Henry F. Wilson and Grace A. Wilson and L. R. Brown whose respective residences are without the State of Vermont and to the petitioner unknown, there-in setting forth in substance:

That said Henry F. and Grace A. Wilson on the 21st day of July, 1910 duly executed to Clark E. Peck, then in the County of Addison, a mortgage deed of certain land located in Colchester in the County of Chittenden and State of Vermont and described in said deed as follows, viz:

"Being all the same land and premises conveyed to us this day by Owen H. Peck and wife, Fanny M. Peck, by their warranty deed of even date herewith, to which deed and the record thereof, when the same is recorded, record is here made in aid of this description. And being the same land and premises conveyed to said Owen H. Peck by Josephine Pratt, administratrix, by her deed dated Dec. 12, 1907, and of record in Vol. 33, page 28 of the land records of said Colchester." And further described as follows, viz:

"Being about thirteen acres of land be the same more or less and the buildings thereon standing, bounded on the northerly and easterly sides by land and premises now occupied and owned by John Greenough; on the southerly side by lands of Sarah Drew and land of Mary Minor; and on the westerly side by the highway leading from the Village of Essex Junction, so called, to Colchester Center, so called."

That said mortgage was made conditional for the payment of four promissory notes, each for the sum of fifty dollars, and each bearing date of July 21, 1910, and that said notes have not all been paid according to the effect of the same;

That said Henry F. and Grace A. Wilson on the 29th day of November, 1910, duly executed to L. R. Brown, then of Burlington in the County of Chittenden a warranty deed of said described premises, subject to said mortgage indebtedness.

And said petition further shows that the said Clark E. Peck for a valuable consideration has assigned his right title and interest in said mortgaged premises to the petitioner herein. And praying that the equity of redemption of the said petitioners in said premises may be foreclosed according to law.

And it appearing that the said petitioners are now without the State of Vermont so that said petition cannot be served upon them, therefore, It is ordered that they be summoned to appear and answer said petition on or before the 30th day of November, 1915, by the publication of the substance of said petition together with the order therefor in the Middlebury Register, a public newspaper, published at Middlebury in said County of Addison, three weeks, successively, the last of which publication to be at least twenty days prior to said 30th day of November, 1915.

Dated at Middlebury in said County of Addison this 19th day of October, 1915.

Fresh Corn On the Cob —or Dry Kernels?

Fresh tobacco in the Sickle Plug or dried up particles of sliced or granulated tobacco? Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

CONGREGATIONAL WOMEN TO MEET IN BURLINGTON.

Burlington is the place chosen for the annual meeting of the Woman's Board of Missions of the Congregational church this year and attractive plans are being made for the three days November 10-12. The array of names on the program include missionaries from all over the world, young women who are under appointment, expecting soon to go to the foreign field, and well known missionary experts. Two popular speakers, who will be eagerly heard are Rev. Raymond Calkins, D. D., of Cambridge and D. Brewer Eddy, one of the Secretaries of the American Board. Deepest interest will undoubtedly focus on the missionaries who have recently come out of Turkey. They include Miss Mary D. Uline of Bittis, Miss Caroline Silliman and Miss E. Gertrude Rogers of Van, the latter one of that sick and sorrowful little party which was obliged to make a hurried flight with the Russians to Tiflis when the Turks returned to Van with reinforcements.

The commission service for a young doctor, Miss Lora G. Dyer, M. D., of Plainfield, Mass., who is soon to go to Foochow, China, will be another impressive feature of the program. Wednesday evening, November 10, will be devoted to a Young People's Rally with inspirational addresses and special music. All sessions are to be held in the First Congregational church. Burlington ladies are making many hospitable preparations for the hundreds of delegates who will come from all over New England, New York, New Jersey and other parts of the territory east of Ohio, where the Woman's Board has organizations.
